- Has been happily married for 26 years

- Is a lifelong machinist who joined the family business at the age of 16

I decided to get involved because revitalizing the political landscape in Wisconsin is essential. Currently, our top down government is not adequately representing the people. **Positive change will only come when we adopt (vote for) a completely new approach** to electing representatives and governing.

My campaign is our collective Call To Action.

My mission is to forge a network across District 75, empowering us to make decisions together that truly reflect our values and needs, not those of the political class in Madison.

Politics can no longer be viewed as a spectator sport. It's time to **get off the bench, engage, vote, and reclaim our rightful place** at the helm of our government. I will implement the strategies necessary to accomplish these goals with your voice as my guide.

Join me, and together we will shape a future for District 75 that is as bright and promising as its people!
